## **MARNING**

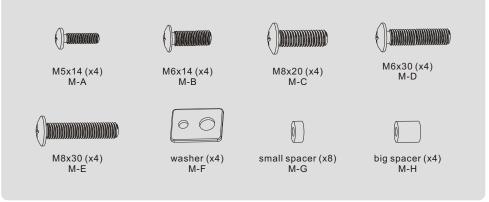

- Do not begin the installation until you have read and understood all the instructions and warnings contained in this installation sheet. If you have any questions regarding any of the instructions or warnings, please contact your local distributor.
- This mounting bracket was designed to be installed and utilised ONLY as specified in this manual. Improper installation of this product may cause damage or serious injury.
- This product should only be installed by someone with good mechanical ability who has basic building experience and fully understands this manual.
- Make sure that the supporting surface will safely support the combined weight of the equipment and all attached hardware and components.
- If mounting to wood wall studs, make sure that mounting screws are anchored into the center of the studs. The use of a stud finder is highly recommended.
- Always use an assistant or mechanical lifting equipment to safely lift and position the equipment.
- Tighten screws firmly, but do not over tighten. Over tightening can cause damage to the items, This greatly reduces their holding power.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.

### **Component Checklist**

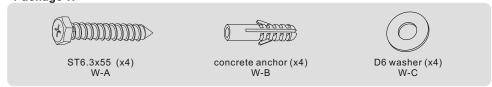

**IMPORTANT:** Ensure that you have received all parts according to the component checklist prior to installation. If any parts are missing or faulty, telephone your local distributor for a replacement.

### 3. Installing the Adapter Brackets

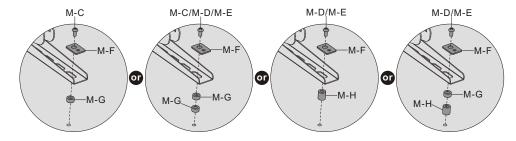

#### 3-1 For Flat Back Screens

### 3-2 For Recessed Back Screens or to Access A/V Inputs

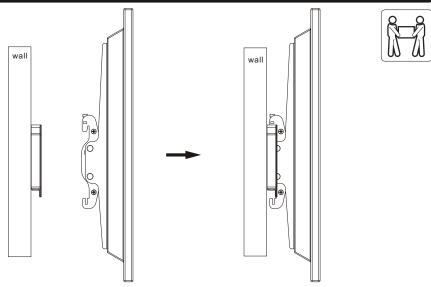

Note: Choose the appropriate screws, washers and spacers (if necessary) according to the type of screen.

- Position the adapter brackets as close as possible to the center of the TV.
  Screw the adapter brackets onto the TV.

Tighten all screws but do not over tighten.

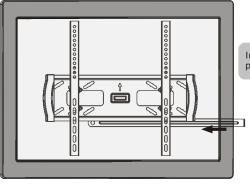

5 €€€ ₩ 6

### 4. Hanging the TV onto the Wall Plate

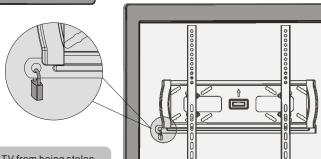

Hook the TV over the top of the wall plate.

Important: Make sure the TV is correctly hooked before releasing the TV.

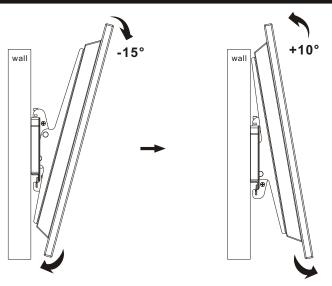

Insert the safety bar at the bottom of the mount to prevent the TV from falling accidentally.

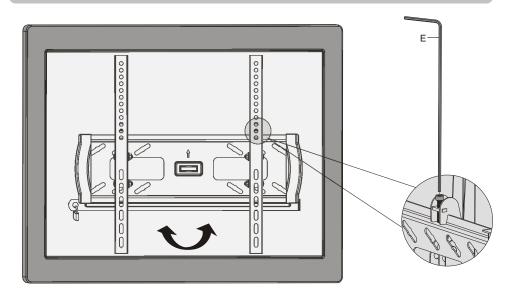

Use a padlock to prevent the TV from being stolen (Padlock is not included).

### 5. Adjustment

Push or pull from the top or bottom of the display to obtain the desired angle.

You can slightly adjust to get level for the display by tightening or loosening screws using a 5mm Allen key.

- Check that the bracket is secure and safe to use at regular intervals(at least every three months).
  Please contact your distributor if you have any questions.
